Parent-Teen Internet Use Agreement

Parent Agreement

I agree to help you make safe and responsible choices online. I will respect your growing understanding of safe and responsible online behavior and will help you gain the knowledge, skills, and values to make good choices online.

I agree to pay attention to what you are doing online, so that we can discuss any issues that may arise. I will pay attention to all material that you are posting publicly, including in any social networking site, whether or not privacy features have been implemented. I generally will respect your private online communications, unless I have reason to believe that there are significant concerns.

I will not overreact if you become involved in an online situation that causes concern. I will work with you to mutually review the situation and the choices that were made or need to be made. If I find it necessary to impose restrictions, I will fully explain the reasons for those restrictions and provide a way for you to regain any lost privileges.

Teen Agreement
